HEALTH Over tiredness is a classic cause of illness in Leos. As is a tendency to relapse as frustration forces you to get back on your feet before they have fully recovered. The one good thing about sickness for Leo is the amount of attention and sympathy they will get but this quickly fades in comparison to the frustration of not being able to get out and about! LOVE Finding a partner can be difficult for a Leo as on one hand they want someone who will provide a lifetime's supply of loyal adoration and on the other hand they are attracted to run wild as they are such free spirits. The strength and amorous prowess that Leos possess makes them a natural leader in the dance of love. This cat may want to rule, but it also wants to be admired, which makes for a love filled with sexual tension. Even so, the Lion's generous and giving nature makes certain that a lover will feel special. The Lion may test a lover from time to time in their quest for answers about love: What is it really? How can I feel it the most? The one with the best answers to these questions will surely make this cat purr.
