LOVE You love to please the object of your affection. You have high standards and won't make a move until you know they will be satisfied. You prefer for your private life to remain private, don't like too many public displays of affection and like to have a fuss made of you when you are feeling down. Virgos love details, so if you want to capture their heart bare that in mind. Think health and decency. Never under any circumstances boast or gossip about a sexual encounter you have had. Virgo has a very practical attitude towards the compatibility of love and sex. They see it as the ideal, but are sensible enough to realize that ideals are difficult to attain. Because they are essentially private people they tend not to discover the depth of their sexuality until they are in a genuinely loving relationship. Virgos are typically compatible with Capricorn, Scorpio and Taurus.

FAMOUS VIRGOS Sean Connery, Roald Dahl, Micheal Jackson, Mother Teresa, Buddy Holly, Louis XIV and Agatha Christie.

The wheel is complete - commenced in March 2009 and completed November 2009 - a nine month gestation. Each zodiac sign sits within a repeating segment from which is sub divided (1.618) to show the sign illustration and its consolation below. All segments revolve around OM at the centre. Each sign illustration has spirals within it that connects points of energy to the next in each direction. Now that it is finally completed the 12 are in place around 1 and all consolations are joined in the space. Each individual star segment is a painting in its own right, ink on water colour paper with the illustration drawn in white pastel.
